AUDITORS' REPORT

All town accounts have been effected by the closing of the Valley Trust Co. Checks on the Valley Trust Co., prior to its closing have been accepted and given in payment at face value. True balances can not be determined at this time.

Town's money in the amount of $758.39 is in a personal account in the closed Valley Trust Co. This sum was remitted by personal check but the bank was closed before deposit was made. We strongly recommend that no funds of the Town be deposited in personal accounts.

Replacement checks have been made, which according to recent interpretations were not warranted. These will be further checked.

We have checked the accounts of the Town Officials and believe their accounts to be correct. Any loss to the Town will depend upon the final action on the checking accounts in the Valley Trust Co.

BOSCAWEN PUBLIC LIBRARY

In the year 1936, Mrs. Elizabeth G. Hall, who retired recently as a member of the Boscawen Public Library Board of Trustees, opened the report of the activities of the library for that year with the following quotation:

> "A little library growing larger every year is an honorable part of man's history. It is man's duty to have books. A library is not a luxury, but one of the necessities of life."

Mrs. Hall's years of service, will endure in the life of the community — proof of the power of the written word as a media of pleasure and knowledge.

In July the resignation of Mrs. George Colby, Branch Librarian, was accepted. Mrs. Colby served the people of lower Boscawen for ten years, sharing her knowledge of books with those who read for fun and profit.

Mrs. Viola P. Knowlton attended the Summer Training Institute for personnel of rural libraries held at Durham, New Hampshire in July, 1958.

In October a Neighborhood Meeting was held at the Boscawen Public Library, with representatives present from Loudon, Webster, and Franklin. Miss Doreen Harper, Extension Consultant, was present with an excellent collection of new books.

The Penacook Branch of the Boscawen Public Library is open an additional hour and one-half each week from 3:30 p. m. to 5:00 p. m. The first courtesy opening was on December 5, 1958. It is hoped that the additional afternoon will bring new patrons to the library.

At Christmas time Mrs. Barbara Fletcher, who was appointed Librarian to succeed Mrs. Colby, sponsored

a reading contest for the children of the community. The library was attractively decorated with Christmas decorations of original design. Each child taking books from the library was allowed to place decorations on the Christmas tree.

The people of Boscawen have shown an interest in in the libraries by their gifts of magazines, books, and plants. This year's donors were:

Mrs. George Barvenik
Mrs. Frank Nardini
Mrs. Henry C. Rolfe
Mrs. Harry Sanderson
Daniel Richardson
Roger Wheeler Sanborn

Services of the Boscawen Public Library and the Penacook Branch of the Boscawen Public Library for the year 1958 have included:

1. Delivery of magazines to shut-ins
2. Books to the Merrimack County Home—Mrs. Iyla Bartlett
3. Cooperation in the Congregational Church Reading Contest
4. Books upon request to the Main Street School and the Plains School

The Bookmobile of the New Hampshire State Library has visited our two libraries with an outstanding collection of books every two months.

Circulation figures for the last ten years, reveal no particular pattern. In the year 1948 the total circulation was 11,783. This year our total circulation was 11,448, broken down as follows:

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning — brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as ($200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your disposal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc. cut on your property. Eliminate the hazard of burning yourself. It will be easier for you — personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty.

Use your town dump.

WATER COMMISSIONERS REPORT

In spite of painting our tank on Queen St. at a cost of $2100.00 and replacing the west roof of our storage barn on Sweatt St. with a long lasting aluminum roof at a cost of $400.00 we were able to replace a substantial amount of our old mains as well as laying mains in one of our new sections. On Gage and Academy St. extensions and side streets and on Gage St. itself in two sections we laid 2783 ft. of 6 and 4″ new mains while we also finished Chandler St. to Elm St. a distance of just over 1900 ft.

This made a total considerably more than 4600 ft. which is more than we have laid in a single season for several years. Some hydrants were moved in order to provide better fire protection and two new ones installed.

Part of our main on the River Road had to be moved because of the location of the overpass abutments. All this in addition to our usual quota of leaks, etc., provided plenty of work for our crew of two men.

The closing of the Valley Trust Co. in June has caused us some embarrassment at times but we made satisfactory arrangements with the Concord National Bank promptly and are looking forward to the time when our funds will be released in the local bank.

It would be of material help if a considerable number of our customers would plan to pay their water bills with out putting the precinct to extra postage, work, and other expense in order to make the collections.

We hope we can see improvement in this on our April bills. Any one with questions to ask or suggestions

to make or complaints to register will be welcome to attend any of our regular meetings on the evening of the second Monday of each month.

During the coming season we expect to replace mains on Park St., Lincoln St., Oak St., and a part or all of the balance of Sweatt St.

THE "NO SCHOOL" SIGNAL

Two blasts of the fire alarm given three times (2-2-2), and the same number of blasts of the siren on Torrent Hose House is the signal for closing school for one session. Its meaning depends upon the time of sounding.

When sounded at 7:30 in the morning, ALL SCHOOLS in Penacook and Boscawen will be closed for the forenoon session.

When sounded at 11:45, ALL SCHOOLS will be closed for the afternoon session.

Announcement will be made over radio station WKXL at 7:15 and on subsequent announcements of the station.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I submit the following report of the School Health Program of the Boscawen School District covered by your nurse since September, 1958.

Skin Disorders		6

All were excluded according to State Law.

Clinics and Referrals

Sight Conservation	5
Dental Clinic	32
Audiologist & Speech Pathologist	2
Nutrition	8
Accidents at School	2

Due to the amount of colds among the students, the hearing tests will probably not begin until the latter part of February.

The T.B. "patch" tests, scheduled to be given in January were postponed by the Tuberculosis Association office, but will be rescheduled at a later date.

The Dental Clinic Program was expanded this year to include more children as well as to continue the care done on those in the past years.

The Boscawen children remain in general good health — it is a pleasure working with them.

I would like to thank Mr. Hounsell, the School Board, Parents, and all the Teachers for their extensive co-operation and courtesy.

Respectfully submitted,

MARJORIE B. JOHNS, R.N.
School Nurse

REPORT OF THE SUPERVISOR OF MUSIC

I am grateful for the opportunity to submit my Annual Report.

During the first half of the school year, the seventh and eighth grades have had separate sessions; but now we are combining these classes as a Junior High School unit.

We have been fortunate this year in having films from the University of New Hampshire, and also a free film from the Wurlitzer Company showing how pianos are made. The children of the seventh and eighth grades have written reports and resumes on some of these films. In the fifth and sixth grades we have endeavored to have the children give oral reports and also to present their reactions. It is important to direct the musical activities of children into more discriminating channels than those which one meets with during the average form of today's entertainment.

Mrs. Hardy continues to encourage the children in the use of pre-band instruments, and where time has been found I have tried to continue this in the fifth and sixth grades.

The supplementary textbooks acquired last year for grade three have proven valuable in adding to better than average musical experiences at that level. It is hoped that sometime in the future additional material may be available at the fourth, fifth, and sixth grade levels.

I am grateful for the continued cooperation of the faculties of the Boscawen schools, and the untiring loyalty and moral support given me by Mr. Hounsell, the School Board, and the citizens of Boscawen.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Boscawen School Board and Citizens of Boscawen:

It is a pleasant privilege to submit again a few brief comments regarding your schools.

You are fortunate to have a competent staff of teachers who are working efficiently in your schools.

Your community has been cooperative and helpful, and has displayed good judgment in its efforts to work with school officials.

Your school committee has taken its full share of responsibility for carrying out its duties, giving generously of its time and effort to aid and counsel its superintendent.

By providing adequate funds you have made it possible to have most necessary school services, including good health services.

For your efforts in these areas you are to be commended.

Because of a great awakening among the people of the whole country regarding schools and education in general, you will need to continue to maintain your interest in this vital problem of education of your children.

If I can assist in any way to encourage your continuing interests, I shall be happy to do so.

For your efforts to improve educational opportunities for your children, within the limits of your ability, I wish to congratulate you. For your desires to offer to

your children the best that you can buy, I admire you.

You still have facing you a tremendous problem of school housing. I need not say more.

It has been a real pleasure working with you during the past year.

Respectfully submitted,

WILLIAM B. HOUNSELL
Superintendent of Schools

January 30, 1959

Mrs. Iyla Bartlett, Chairman
Boscawen School Board
Boscawen, New Hampshire

Dear Mrs. Bartlett:

A reinspection of the two Boscawen Schools was made on December 5th, 1958 by you, Superintendent Hounsell and me. The following are still items which have not been completed and are still very detrimental to the safety of the occupants using said schools:

BOSCAWEN LOWER SCHOOL

*1. The present 5 lb. Carbon Dioxide Fire Extinguisher to be re-located to position outside the Furnace Room wall. At the time of inspection this was found to be sitting on the floor next to the Soda and Acid extinguisher at the door to the Boys' Basement.

*2. Free and unobstructed egress to fire escapes at all times. At time of inspection a table was in front of the doors in the center hall.

3. Emergency Lights installed in center assembly hall, as well as Emergency Lights for stairs and hallways to out-of-doors.

4. It is recommended that panic hardware be had for exit doors from the assembly hall.

5. Exit signs to be installed on all doors leading out of the assembly hall. Where there is any doubt as to the direction to be traveled to out-of-doors, exit signs and arrows shall be installed.

*6. The closet in the Seventh Grade room, formerly a ventilating room, shall be closed off at ceiling height. This should be of fire resistant material. The electric light in said closet to be repaired.

BOSCAWEN UPPER SCHOOL

*1. The power oil burner shall be brought up to New Hampshire Oil Burner Regulations. At the time of inspection it was found there was no fusible switch in the main electric line, and it could not be determined if the valve in the oil line on the burner was a fusible valve or not, and, therefore, a new one shall be installed.

*2. The committee has spent a great deal of money

to enclose the oil burners in fire resistant rooms, and in this school defeated the purpose of the room by tying the fire door back for one or two purposes; either to heat the hot lunch room, or to make sure the oil burner has sufficient air to operate. This door must be kept closed, as well as have a fusible link incorporated in the rope, or closing device, as well as a louvre of proper size definitely be installed for air circulation for the proper operation of the burner.

3. A second means of egress from the lunch room shall be had. At the time of inspection the so-called second means of egress was found to have both of the doors swinging in, as well as an accumulation of material found on the steps to out-of-doors. This area can be winterized with a door at the top of the steps with a crash-bar on it, being accessible for a second means out.

*4. The box containing waxes, etc. in the lunch room, near the so-called second means out of the lunch room, be removed.

5. All closets under stairways to be completely closed off. This was in the items of 1950 and has not been completed.

*6. All 30 amp. fuses removed from fuse box and replaced with 15 amp. The use of 30 amp. fuses shows the building not to be adequately wired with sufficient circuits.

7. As was stimplated in 1956, Fire Alarm buttons marked "FIRE ALARM", which in turn will operate a Klaxon type horn, on each floor separate from the passing or call bells be had. Relying on the pull rope for the bell in the belfry is most definitely not adequate.

*8. The door to the fire escape to be checked for sticking, as at time of inspection a student in the room had some difficulty in opening said door.

9. A second means of egress shall be had from the first floor Class Room. This also was stipulated in 1956, and the lack of a second means of egress can be a serious hazard in case of fire.

10. Once again serious thought should be given for some sort of smoke screens in the hall on the first floor.

Until such time as the items for the Emergency Lights and Exit signs are installed in the assembly room in the Lower Boscawen School, the room should not be used at night. If it is allowed, those permitting it will be directly responsible.

In case of the hot lunch room in the Upper Boscawen School, no more than twenty-five (25) children should be fed at one time under the present conditions, due to the narrowness between the tables and walls, as well as the entire set-up of the room; as panic could easily do a great deal of damage if anything was to happen.

It is sincerely hoped that immediate action will be taken on the above items, and it is also fair to let you know that both of the schools were found in very clean condition, along with the fact that the School Board is trying to do a good job. However, in this case completing half of the job still does not put enough safety into the schools for those using the buildings.

Thank you for your time and courtesies shown, and please do not hesitate to ask for any help we may be able to give.

Very truly yours,

N. H. BOARD OF FIRE CONTROL
Herbert L. Whitney
Deputy Marshal
